** SPINE WIDTH

Spine width varies per book and page count (48-740 pages).
Books must have 80 pages or more in order to have a spine text.
Spine width is an exact measurement based on page count.

Use the total page count only after your book's interior has been formatted in the book size you select.

For exact spine width measurement, use the spine width calculation chart at:
http://www.printpapa.com/eshop/pc/spine_width_calculator.htm
